

Easy color,
anywhere,
every time?
Why not!

Homogeneous, deagglomerated powder, an easy-to-use coloring compound.

Product Information TopMill®

BIOGRUND's ready-to-use coloring agent **TopMill®** provides a homogeneous solid-color product. It is a unique, dry milled, homogeneous and deagglomerated blend of colors with additional excipients.

TopMill® is a ready-to-use master batch, developed for the coloring of all kinds of solid dosage forms. It can be used in powder or liquid in a simple and easy way. The optimized composition is easily soluble, and a reproducible high-quality color can be guaranteed. Due to its excellent compatibility with other excipients and active ingredients, tailor-made solutions are possible – a unique appearance for your products!

Regulatory and quality aspects: All **TopMill®** formulations can be used for pharmaceutical products and for nutritional or dietary supplements.

Product Performance

General Information on BIOGRUND

Since 1999, **BIOGRUND** has been the specialist for the homogeneous mixing of excipients and carriers. With locations in Germany, Switzerland, America and Russia, we support the food supplement and pharmaceutical industry in the development, formulation and production of solid oral dosage forms. The tailor-made and ready-to-use special powder mixtures for film coating, sugar-coating, coloring and tableting enable optimum results in a short time. Easy, fast and reliable!
